Hi Jennifer,

Latest run of every year ,finalized or used in XML submissions will not get deleted.

If the provided form run is finalized or latest of respective year then this will not get deleted. We are deletion this data manually, if you have some specific requirement then we can ignore the runs.

Thanks
Nandkumar

Hi Nandu – we had a couple clients where we only provided the forms but did not provide the IRS XML nor file for the client. Does that mean those will also be deleted?

Hi Dave,

Please approve the deletion of ACA 1095 C /B Non finalized file and data from production.

We had discussed on deleting the runs and files of the 1095-94 B/C runs to free up the disk space on file server and database.

After the internal discussion with ACA team, We have decided on below points.

1. We would be keeping all the runs and their corresponding files used in IRS submission from tax year 2015 - till date.
2. All other files and runs will be deleted.

Thanks & Regards,
 Nandkumar Karlekar
